ORDER:

The Ministry of Human Resource Development (MHRD) entrusted the task of developing a credit framework for skills and education under the National Skills Qualification Framework (NSQF) to the All India Council for Technical Education (AICTE). The credit framework, using the NSQF and National Occupational standards, is an exercise in recognising skills and education as part of an integrated learning system. It is an effort to bridge the gap between certificate and Diploma level and between Diploma and Degree levels by allowing for mobility from one to the other. It also provides an opportunity to graduates of vocational education to further pursue post graduate learning.

2. The Government, after careful consideration of the matter, hereby constitute a committee for with the following members..
